SUMMARY

Product Manager/Technical Program Manager with 3 years driving Microsoft's commerce, payouts, and platform-security ecosystems across Xbox, M365, and Digital Retail Commerce. Trusted cross-org leader connecting key stakeholders to turn ambiguous, dependency-heavy programs into measurable outcomes. Directly managed Consumer Commerce APIs generating over **\$3.2B+ revenue annually**, secured **\$80M+** in fraud prevention, and supported governance over **\$9.4B+** in annual global partner payouts. Motivated to understand the depth and nuance of challenges with empathy and patience; driven to ask the "why" behind solutions.

PROFESSIONAL EXPERIENCE

Microsoft Corporation

Aug 2023 – July 2026 | Redmond, WA

Product/Technical PM, Xbox Consumer Commerce Platform (XCCP) | Mar 2025 – July 2026

- **Led one of XCCP's highest-visibility FY26 commerce investments**, aligning 6+ teams across 3 organizations to deliver Microsoft's first 3P Apple and Google subscription conversion platform (upgrades, downgrades, crossgrades), **unlocking a projected \$10M three-year revenue opportunity**.
- **Modernized Commerce team knowledge through harnessing agentic AI**, authoring comprehensive Partner program and Consumer Commerce knowledge-transfer documentation and integrating GitHub Copilot CLI, skills and MCP Servers into daily PM workflows to bring clarity to complex code repositories and APIs, reduce time spent on repetitive tasks and establish AI-first execution patterns.
- **Orchestrated delivery of high-scale fraud detection and prevention capabilities** across Microsoft commerce platforms, **preventing 1.9M+ fraudulent Point-of-Sale card activations** and safeguarding **~\$58M in business value**.
- **Drove managed-retail billing compliance and fraud controls**, partnering with Finance, SAP, and engineering stakeholders to align billing dates with transaction records and close unauthorized-ordering loopholes —eliminating **~40 hours/month** of manual reconciliation, cutting **hundreds of monthly partner support tickets**, & improving billing health by **7–8 points** on Microsoft Bizops' compliance metric
- **Led the delivery of a Digital Retail Partner invoicing portal**, coordinating efforts of 4 teams across 3 organizations to allow Retail Channel partners to self-retrieve their invoices a secure standalone portal — eliminating manual invoice delivery through unencrypted emails to incorrect contacts, improving the billing health of **~8,520 invoices per year**, eliminating **~700 annual support tickets**, and **reducing BPO vendor costs**
- **Supported backfill and reconciliation** of 9 years of unredeemed token revenue data for Microsoft's Financial Reporting System, enabling recognition and reporting of **\$1B+** in previously unreported revenue.
- **Created an agentic AI workflow** to find and report credible job opportunities to me that match my resumes, explain how and where they fit my resume, sort all my active applications and opportunities from my email and their current statuses

Product/Tech PM, Microsoft Partner Program | Aug 2023 – Mar 2025

- **Governed Microsoft's global partner incentive payouts platform:** owned weekly risk-triage and governance rhythms across engineering, finance, and operations for programs covering **\$9.4B+ in annual partner payouts, 393K+ payments, and 20K+ partners**, sustaining On-Time-and-Accurate payments as high as **99.96%** against Microsoft's 99% SLA target.
- **Transformed partner incentive payout risk management from reactive to proactive**, co-designing automated intake and postmortem processes that expanded risk visibility beyond engineering incidents — cutting triage response time from **2+ weeks to under 2 hours** and contributing to a **55%+ year-over-year reduction** in payment timeliness/accuracy issues.
